

## INTERIOR PROTECTION

### ■ Toughseal Vinyl & Leather Protectant

Protects and maintains all vinyl and leather interiors.

Vinyl and leather upholstery and dashboards can be damaged by harmful sunlight. Cracking, fading and discolouring on vinyl and leather interiors will now be a thing of the past and it will preserve the authentic scent and luxurious feel of brand new leather and nourish vinyl surfaces.

### ■ Toughseal Fabric Protector

Treats synthetic fabrics including nylon, polyester, acrylic and their blends with natural cellulosic fibres. Toughseal's unique Fabric Protector formula adheres to every fibre of the materials used for upholstery and carpets, protecting against oil and water-based spills. Liquids simply 'bead up' on the surface making it simple to wipe away without leaving stains or dulling fabrics. Toughseal also reduces wear on fabrics and carpets by eliminating friction from trapped dirt particles between fibres.

## EXTERIOR PROTECTION

**Toughseal**

### Pre-Treatment Step 1 & Acrylic Sealant Step 2

Toughseal Paint Protection systems are a unique NanoTech Acryloplexin cross-linking acrylic formulation using durable PTFE suspended in the formula.

Our Paint Protection chemically bonds to all painted surfaces by using the elasticity of a hydrophobic film that acts as a barrier between the car paint and the destructive elements your vehicle faces every day.

#### Protects against:

- Ultra violet rays
- Colour fading
- Acid rain etching
- Peeling
- Frost
- Tree sap
- Insect acid
- Bird lime
- Oxidation (chalking)
- Road salts
- Petrol and deisel fumes

*Maintain that showroom condition...*

### ■ Toughseal Car Wash Shampoo

Toughseal Car Wash Shampoo is a paint protection system and enhancer. When used in conjunction with Toughseal PRE-TREATMENT Step 1 and Toughseal ACRYLIC SEALANT Step 2, it will help strengthen and preserve the unique properties of Toughseal's protective chemical formulations applied to car paintwork to maintain a high gloss showroom finish.

### ■ Toughseal Alloy Wheel Wax

Toughseal Alloy Wheel Wax is the only cleaner and protector for wheels. The unique advanced polymer is designed to clean, polish and protect in one step.

Alloy Wheel Wax leaves a deep shine and protective layer on your wheels that road grime and brake dust cannot penetrate, and it will keep working for up to three months.
